Fair Store!

A Large Crayon
Portrait of Your-
self
FREE OF CHARGE.

In order to advertise our business
more extensively and in a desirable
manner, we have decided to present
our customers a special enlarged por-
trait of yourself or friend. The condi-
tions on which you receive this beau-
tiful and appropriate gift are exco-
dingly light and worthy your consid-
eration.

We Will State Them in Few Words:

Buy \$15.00 worth of goods by paying
us the very lowest cash prices and the
deed is done. You can then furnish
us with a cabinet photo, panel, tin type
or other picture of yourself or friend
and we will have it enlarged at once,
and present it to you absolutely free
of charge.

The size of the picture will be 14x17
inches and the frame 25x28 inches, the
latter being of late design in antique
steel bronze or gilt. These pictures
are from the studio of one of the best
artists in Chicago, and were never sold
for less than \$10.00 or \$15.00 without frames.
Remember, we do not ask you to
buy large bills at any one time, but
will furnish you with a card, on the
margin of which are placed figures of
convenient amounts, from 25 cents to
\$1.00—making a total of \$15. When
you make a purchase we punch out a
set of these figures, and when all are
punched out we will present you with
the picture.

Call at our store and see a sample of
the work, and please do not forget that
we give this picture of YOURSELF,
WIFE, CHILD, FRIEND, FATHER,
MOTHER, SWEETHEART, or last,
but not least, MOTHER-IN-LAW, free
of charge. "A thing of beauty is a joy
forever."

What could be nicer for home
adornment than one of these elegant
CRAYONS?

We have also made arrangements
with a large frame and factory to
mount and frame these portraits for
our patrons in the best style at one-
fourth the usual cost of such frames.
You can have either gilt or bronze
frame with first class French plate
glass, all ready to hang on the wall.

YOU ARE, HOWEVER, NOT
OBLIGED to purchase a frame at all,
or you can purchase it at some other
store. This does not matter to us; we
give you the picture and sell you the
frame at cost if you wish it.

Yours Generously,

ANOTHER CYCLONE.

Many People Killed
and Injured.

FINANCES OF SOUTH AMERICA.

An Excitement in Corn, Oats
and Wheat.

Poisonous Baking Powder in
the Market.

An Eastern Cyclone.

LAWRENCE (Mass.), July 26.—A dis-
astrous cyclone occurred at South Law-
rence this forenoon. It is reported that
twenty-five houses were blown
down in the neighborhood of Spring-
field street. The telegraph and tele-
phone wires are demoralized.

LAWRENCE, July 26.—A cyclone of
great power struck South Lawrence,
about two miles from here, this morn-
ing. The storm first struck Spring-
field street and traveled thence to
Salem street, devastating a section
twenty rods wide. It is estimated that
a hundred buildings were leveled. One
man was killed outright, and the in-
jured are now reported as numbering
fifty or sixty.

A fire broke out in a number of
places in the ruins, and the entire fire
department are now at work extin-
guishing the flames.

The injured are being removed and
cared for as quickly as possible.

BOSTON, July 26.—The first news of
the cyclone direct from Lawrence has
just been received by telephone. The
message confirms the extent of the
disaster as first reported. The de-
struction was confined wholly to South
Lawrence. Ninety wooden dwelling
houses were destroyed, six lives lost
and thirty-five persons injured. One
hundred and ten thousand dollars' worth
of property was destroyed, and
five hundred people were rendered
homeless.

The passengers on the Boston &
Maine train, due in Boston at 10:45,
got a good view of the wrecked town
as they passed through.

A passenger thus described the
scene: "The rain had ceased and the
wind had gone down. The first thing
noticed was a building blown to the
ground, and then trees that were
twisted and uprooted. This was on
the left-hand side of the track coming
towards Boston. Timber, farm wagons
and objects of all sorts were scattered
about in great confusion. We were
horrified to see a man's body lying
upon the bridge at the South Lawrence
depot. Everybody was running about
in confusion, not having a chance to
tell the extent of the damage. The
path of the cyclone swept at right
angles across the track, cutting a clean
swath, leveling houses and cutting off
or uprooting trees. The train stopped
but a few moments, and it was impos-
sible to find out anything definite."

Another Account.

LAWRENCE, July 26.—At 10 o'clock
an awful visitation came. The wind
was east, with the rain falling heavily,
when suddenly the heavens became
aglow with a bright white light. In a
moment the wind veered to the west,
and heavy black clouds from behind
the western hills rose high in the sky.
Then the thick mass parted, and down
shot black streaks from the murky
mass, and in a moment the crash
came. Buildings were crushed like
shells of eggs, whole houses were
lifted from their foundations, and ter-
ror seized the dwellers. The buildings
in the city were all of wood—the
pretty, cosy homes of the toilers in the

mills, but in a trice their ruin was
complete.

FURTHER PARTICULARS.

LAWRENCE, July 26.—Over 100
houses on Springfield, Salem and
Portland streets were wrecked. Six
people were killed outright and fifty
injured. The cyclone took a north-
easterly course.

After the storm the sight was a ter-
rible one. Looking up Springfield
street could be seen the wrecks of
many houses, and from them came
cries for help. The houses were all of
wood, and the wreck was all the worse
therefor.

As soon as the terrified survivors
recovered from the shock an alarm was
rung in, and part of the fire apparatus
and police ambulances responded, and
hundreds began the work of rescue.

From the ruins of their houses were
taken out the following dead: Mrs.
O'Connell and daughter Mamie, 19
Springfield street, crushed; Mary
Lyon, aged 40, crushed; Mrs. Collins
and four year old child, crushed.

The child of Julia Beattie, which is
buried in the ruins, has not yet been
found.

Some of the injured, especially those
of the family of Martin McLaughlin,
are seriously, if not fatally, hurt.
The damage to property is over
\$100,000.

A Spurt in the Grain Market.

CHICAGO, July 26.—The excitement
in wheat, corn and oats continued to-
day at the opening on 'Change, owing
to a reported shortage in the French
wheat crop.

Wheat opened strong, being higher
than yesterday's closing, at a range of
93½ to 93¾ in different parts of the
pit. There was much excitement,
which continued as the market ad-
vanced to 94½ at 9:40.

Corn was in sympathy with wheat,
and, because of the cool weather, also
opened higher for September, and
fifteen minutes after was quoted at 41½
—1½ cents above the close of yester-
day.

A South American Revolution.

BUENOS AYRES, July 26.—Now—A
revolution has broken out here. This
morning the troops in the garrison re-
volted, and firing is now going on. All
the shops are closed and fighting is
taking place in the streets. Senor
Garcia, the Minister of Finance, is held
a prisoner by the revolutionists.

American Cattle to be Examined.

NEW YORK, July 26.—Dr. Salmon,
United States Veterinary Inspector
and several other inspectors, sailed
for Liverpool this morning where they
will make arrangements for the ex-
amination of cattle as they are landed
from American ports.

Proposed Real Estate Sale.

BOSTON, July 26.—An Advertiser's
Newport special says: W. K. Van-
derbilt has offered Governor Sprague
\$400,000 for his country estate at Can-
onchet. If Vanderbilt buys he intends
to erect a magnificent hotel.

Uruguayan Finances.

PARIS, July 26.—Dispatches from
Montevideo state that the Uruguayan
Parliament has passed a bill com-
pelling the payment of one-half of the
customs duty in gold. Negotiations
for a Government loan are progressing.

CO-OPERATIVE BOARDING.

Which Is Thought Will Be Much
Cheaper Than Home Boarding.

The Columbus (Ohio) Journal says:
A novel and interesting system of
housekeeping, or boarding, is being
attempted by several gentlemen with
families on the East Side. Dr. Em-
minger, E. K. Stewart, D. T. McCabe,
N. W. Daniels and about eight other
gentlemen have rented the residence
just south of Mr. Daniels' home on
Monroe avenue, near Broad street, and
will establish a co-operative dining-
room. One of the best cooks in the
city, for years at the head of a leading
restaurant, will have charge of the
cooking. These families number about
thirty-five persons.

The first floor will be used as the
eating-room, and the second will be
occupied by the servants. Much ex-
pense connected with the scheme will
be avoided by each family furnishing
its own table linen, dishes, etc., but
one general bill of fare will be served.
The meals will consist of breakfast,
lunch and dinner at 6 o'clock. It is
a permanent arrangement if it proves
successful.

It is a delightful place, with a con-
genial neighborhood, and of easy ac-
cess to the homes of the gentlemen.
It is thought it will be much cheaper
than the cost of home cooking. The
stewards will have charge of the
marketing, cooking and serving. The
charges will be pro rata to adults and
children.

Too Much Married.

Alva Udell has surrendered himself
at Los Angeles to the authorities to
answer to the charge of bigamy, which
has been pending for a year. He mar-
ried Miss Mattie McCarthy of Wood-
land, was divorced and remarried;
then went to Stockton and married
Miss Emma Edwards by contract.

Serious Charges Against

Norwegian Bark Missing—A
Crew of Fourteen.

Congressional Matters.

WASHINGTON, July 26.—McKinley
of Ohio, from the Committee on Rules,
reported a resolution directing the
Speaker to appoint a committee of five
members to investigate the charges
brought against Pension Commissioner
Raum by Representative Cooper of
Indiana. Adopted.

The report of the Committee on
Rules recommends a further investiga-
tion of the Pension Bureau, on the
ground that the public service must
not rest even under a suspicion. The
committee says the only witness be-
fore it was Representative Cooper, the
author of the charges against Commis-
sioner Raum. Cooper declined to
give the names of other witnesses un-
til the House of Representatives pro-
vided for a thorough investigation.
The charge was made by Cooper that
Commissioner of Pensions Raum,
though insolvent, had negotiated a
loan of \$25,000, upon which George
Lemon, a noted pension agent, became
the surety.

The House went into Committee of
the Whole, with Burrows of Michigan
in the chair, on the Senate amend-
ments to the sundry civil bill.

SENATE.

Mitchell offered a concurrent resolu-
tion, which was referred to the Com-
mittee on Finance, stating that the
United States would hail with appro-
bation any reciprocal arrangement by
treaty or otherwise between the Gov-
ernment of the United States and the
Government of all or any of the south
American or Central American States,
whereby there shall be admitted to the
ports of such nations, free from all
national, provincial and other tariffs
or taxes, the products of the United
States, including flour, cornmeal and
other breadstuffs, preserved meats,
fruits, hides, vegetables, cotton seed
oil, rice and other provisions, all ar-
ticles of food, lumber, furniture and all
other articles of wood, agricultural
implements and machinery, structural
steel and iron and steel rails,
locomotives, railway cars and
supplies, street cars, refined petroleum
and such other products of the United
States as may be agreed upon, but de-
claring that it is not the sense of the
United States that in any such treaty
of reciprocal arrangement the articles
of foreign wool or hides in any form
should be admitted free into the ports
of this country, and it declares that in
any treaty or reciprocal arrangement
that may be entered into with such
foreign ports to the products named, it
is the sense of the United States that
the articles of wool or hides produced
in any of those countries shall not be
admitted free of duty into the ports
of the United States, and it requests
the President of the United States to
omit in any such nation, from the list
on products of such countries to be ad-
mitted into ports of the United States,
the article of wool in any of its forms,
and also hides.

The Senate resumed the considera-
tion of the tariff bill, and was ad-
dressed by Morgan. He said the
pending bill bore more heavily on the
laboring classes than on the capitalist
class or any other class.

Deadly Foreign Baking Powder.

NEW YORK, July 25.—The Board of
Health of this city has detected large
shipments of new baking powder here
from Europe which has been analyzed
and found to contain oxalic acid in
deadly quantities instead of yeast. A
shipment of such goods is now on the
way here. It is reckoned that two
teaspoonfuls of the powder contained
seventy grains of oxalic acid—a fatal
dose. Large quantities are sold here.

Thought To Be Fatally Poisoned.

RICE LAKE (Wis.), July 25.—Twen-
ty-one persons are in danger of dying
from eating supposedly poisoned meat,
which, to the amount of seventy-five
pounds, was placed on sale at a local
market.

Gold Shipments.

NEW YORK, July 26.—Hoffman &
Co. have ordered \$275,000 in gold for
shipment to Europe to-day. The total
this week will be \$1,250,000.

Thought To Have Been Lost.

By Associated Press.]

PHILADELPHIA, July 26.—The Nor-
wegian bark Lloyd sailed from Guan-
tanamo, on the south side of Cuba, on
June 14th, bound to this port, with a
crew of fourteen men and a cargo, and
has never since been heard from.
Vessels have left as much as twenty
days afterwards and arrived at their
destinations, but no tidings have ever
been received from this craft. It is
the general belief that the vessel met
with disaster.

The Great Spring Medicine.

It will be gratifying to all who realize the
vital necessity of purifying the blood, to
know that Hibbard's Rheumatic Syrup can
be relied upon as a blood medicine. Mr.
B. C. Robinson, of Marshall, Mich., says:
GENTLEMEN—I have suffered intensely
from biliousness and rheumatism for
three years and had tried so many remedies
that I had lost all faith. Hearing of Hib-
bard's Rheumatic Syrup I bought a bottle
and found it helped me. I have now used
four bottles, and it has restored my liver
and kidneys to healthy action, and done
more to purify my blood than anything I
have ever taken. I am pleased to recom-
mend it as a wonderful blood medicine.
